CITY MISSION NOTES

Resume of Work Done For October—All Should Realize What Great Good Is Being Accomplished.

"In as much as ye have done it unto the least of these my Brethren, ye have done it unto me."

The Board of City Missions met in their regular monthly session, Tuesday afternoon, when a resume of last month's work was made, and plans formed for the coming month. October had proven to be a very busy time.

The Sunday School and Tuesday evening services continue with their usual interest. The Story Hour has proven most instructive, with an average attendance of 32. The night school has been inaugurated, but the attendance thus far has been rather discouraging, but 'tis hoped when the value of this instruction after working hour is fully understood more will become interested. The industrial schools continue with unabating enthusiasm, children being trained in every branch of practical home-making.

Two hundred and eighteen garments were placed.

\$3.10 received for garments sold.

Eighty-one calls made in the homes and four baskets of provisions sent out.

\$19.00 was spent to relieve varied kinds of distress and sickness.

Several belated contributions to the Birthday fund were reported, swelling that fund very considerably.

A large crowd of young folks from this city motored over to Flemingsburg last night to attend the masquerade dance held at the Princess Theater.

FOURTEEN STATES IN DRY COLUMN.

Chicago.—Fourteen states now have laws prohibiting alcoholic beverages as a result of Tuesday's election on the face of tonight's returns, which show that prohibition was adopted in Arizona, Washington, Oregon and Colorado. The states which prohibit liquor are, Arizona, Oklahoma, Colorado, Georgia, Kansas, Maine, Mississippi, North Carolina, Oregon, Tennessee, Washington, West Virginia, Virginia and North Dakota.

KAISER HAS CLOSE CALL

When His Room is Destroyed By Bombs—Two Aids Killed

The correspondent of the Times in northern France gives further details of Emperor William's escape from bombs at Thiel, Belgium.

"For five days," says the correspondent, "Emperor William was at the operations on the Nieuport-Ypres line, last Sunday the Emperor, with some of his aides, arrived by motor car at Thiel, where apartments had been reserved for him at the hotel and where dinner was waiting.

"The Emperor's personal baggage already had been deposited in the bedroom in which he was to spend the night. The Emperor, in his hurry, did not dress for dinner, and immediately after dining, instead of retiring, hurriedly left the tavern with two aides and motored to the other end of the town, where other rooms were engaged.

"Twenty minutes later six bombs fell on the hotel and the Emperor's baggage in his room was completely destroyed. Two of the aides who had remained at the hotel were killed and their motor car, which was waiting in the yard, was wrecked."

ALLIES HAMMERING GERMANS—50,000 FALL IN LAST BATTLE

London, Nov. 6.—The correspondent of the Times in Pas De Calais sends the following:

"I am credibly informed that the German losses in the supreme attack on the British between Ypres and Lille are well over 50,000.

"The fighting is still proceeding, but its fury has been spent. The Germans were repulsed, but it is rather early yet to emphasize suggestions of German demoralization."

The correspondent of the Daily News in the north of France telegraphs to day as follows:

"The main fighting is now proceeding further south around Amiens and on the frontier lines a few miles east of Nieppe.

"Lille is burning and battered. The allies have been in and out of the city and air shells set the town alight at the western end. If we cannot bound the enemy out we must drive him towards Flanders with flame and smoke.

"It is reported that Emperor William with his staff is directing the whirlwind from Tournai, Belgium, with Boulogne and Calais as the object via Hazebrouck and Stomer where, if the Germans can break through, there is a clear road to the coast. The battle here will not be decided for several days."

RUSSIANS GAIN GREATEST VICTORY.

Paris, Nov. 6.—Grand Duke Nicholas commander-in-chief of the Russian forces in the field, has sent a telegram to General Joffre, commander-in-chief of the French forces, saying the Russians have gained in East Prussia the greatest victory since the beginning of the war.

BRITISH ANNEX CYPRUS.

BROKEN FAITH BRINGS BROKEN POWER

To the three score Democratic members of Congress who have been retired to private life by their constituents the power and influence of the Federal Administration must certainly seem to be a delusion and a snare.

All of these gentlemen possessed the confidence of the voters, enjoyed their respect, and were given power and place by reason of such confidence and respect.

They have discovered now that it was the people who conferred honor and power upon them, and to whom their allegiance was due, and to whom they should have rendered service as promised.

They erred in their judgment. They blundered in their mission.

They tripped and fell when men like Speaker Clark and Oscar Underwood stood firmly and remained steadfast and true.

They misestimated the power of a Federal Administration.

It is as nothing against the force of public opinion.

Public opinion in the United States condemns those who, either in or out of office, are faithless to principles announced, to pledges and promises voluntarily made.

Those who placed the Democratic party in the false position of a repudiator of its pledges and a violator of its promises to the electorate were preparing defeat for the party and defeat for themselves by that action. Nearly three score of these have paid the personal penalty through the close of their political careers by the votes of their constituents, but it was not they alone who have suffered for their errors in departing from the Democratic creed as laid down by the Baltimore convention.

The Administration call upon the voters of New York State to sustain it by voting for Governor Glynn was answered by his loss of every county in the State except those counties included in the area of Greater New York.

The Administration call upon the voters of Pennsylvania to sustain it by voting for its candidate for Senator was answered by a majority of hundreds of thousands for the Republican candidate. So with State after State that could be named, Democratic candidates by hundreds, and by thousands in the total, have been swamped by the errors, and blunders, and mistakes of the men who took it upon themselves to repudiate the Democratic platform pledges in their official action.

We sincerely hope that public men of every party will be admonished by this rebuke of the people to Democratic violators, and that in the future there will be the strictest adherence by officials to the pledges made the people.

Broken faith inevitably results in broken power. —Cincinnati Enquirer.

BEATS MOTHER SHIPTON

Speaking of prophecies, the old Portsmouth Blade on November 1, 1911, printed an article which contained the following paragraph:

"Whatever war breaks out in the west of Europe, poor Belgium will certainly be in it. Bigger nations will certainly use her territory as a short cut. Switzerland is luckier in that way. No thought of possible wars need ever worry Switzerland. She has no sea coast, and so has no navy. Her army she could easily do without." —Portsmouth Blade.

A contributor to the Baltimore Sun says European militarism is "on its last legs." In other words, its hind legs?—Courier-Journal.

War machines will not look as imposing when they finish writing off for depreciation and loss of good will.

MILITANT CLERGYMEN

From time immemorial there seems to have been no well-founded criticism of any cleric who elected to make temporary exchange of the pulpit for the fighting line. There have been numerous examples of this substitution—which at first thought may seem to be a trifle incongruous—ever since the Christian religion displaced the polytheism of the ancients. Fighters in holy orders are not of rare mention in medieval history, and in our own civil war more than one clerical patriot stepped out of his vestments into the blue or the gray. It was at that time Bishop Leonidas Polk, of Louisiana, with the full consent and earnest godspeed of his associates in the ministry, exchanged his crozier for a sword and accepted a commission as general in the Confederate army.—Washington Herald.

"A SIGNAL VICTORY" (?)

It is almost the invariable rule that two years after a presidential election in which Congress goes with the President the House of Representatives is carried decisively by the opposition.

That it was not so carried this year is a signal victory for the President and his party.—Courier-Journal.

In the language of the gentle historian "another such a victory" and you are lost.

JUST KEEP GOING

To reach the battle front, start anywhere in Europe and travel in the same direction.—Wheeling News.

For a nation that lives largely upon rabbit meat the Belgians have certainly shown a remarkable exhibition of the lion heart.—Charleston (W. Va.) Mail.

War correspondents who get tough chicken in the New York restaurants return to the office and send out dispatches that "operations on the left wing were repulsed."

Is not the whole country, Democrats and all, looking to the Republican party for the restoration of prosperity and sound business?

AT THE SUMMER HOTEL.

"Boy, take these flowers to Miss Bertie Bohoo, room 12."
 "My sir, you are the fourth gentleman who's sent her flowers today."
 "What's that? Who sent the others?"
 "Oh, they didn't send names. They all said, 'She'll know where they come from.'"
 "Well, here, take my card up and tell her these are from the snip one who sent the other three boxes."

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and urinary disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

You can tell it is kidney trouble if the secretions are dark colored, contain sediment; the passages are too frequent or scanty. Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed at home—Read this Maysville woman's convincing statement:

"Mrs. Dora McLeod, Maysville, Ky., says: 'I had been feeling poorly for some time, before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long I was a great deal better. I was able to sleep well and they improved my health.'"
 Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McLeod had. Foster-Milburn Co., Props., Buffalo, N. Y.

"WIN-MY-CHUM" WEEK SERVICE AT THIRD STREET M. E. CHURCH.

Program.

The following is the program of the Special Services that are to be held by the Epworth League of the Third Street M. E. Church for the week beginning next Sunday. These services will be held in the League Room and will begin each evening except Sunday at 7:15 o'clock and continue for one hour only. On Sunday the hour is 6:15. The services are open for every body, especially for the young people of the city. In selecting speakers the aim has been to get such as are in hearty sympathy with the young folks. Thursday, November 12th.—Subject, "Coming Out Openly for Christ." Speaker—Rev. A. P. Stahl. Special Music—Sextette. Friday, November 13th.—Subject, "The Peril of Indecision." Speaker—Rev. J. G. Dover. Special Music—Solo, Miss Lillian Sunday, November 15th.—Subject, Music.

"The Call to Heroic Service." Speaker—J. H. Richardson. Special Music—Solo, Miss Florence Pisk. There will be plenty of good music. Mr. John Robert Curry will be the pianist for the meetings and will be assisted the most of the time by two cornets. The services will be in charge of the chairman of the Spiritual Department of the League. The pastor Rev. Lital will conduct the closing prayers of each meeting. You will do well to arrange your plans to attend all these meetings. They will be strictly young peoples' meetings, so for one week let every one get young again and enjoy the week.

Sunday, November 8th.—Subject, "Getting Rid of Our Handicaps." Speaker—Miss Virginia Mae Herd. Special Music—Sextette. Monday, November 9th.—Subject, "Am I Disappointing My Parents? Or God?" Speaker—Prof. T. J. Curry. Special Music—Duet, Misses Carrie and Lillian Muse. Tuesday, November 10th.—Subject, "The Four Groups: With Which Are You?" Speaker—Rev. W. B. Campbell. Special Music—Duet, Mr. Muse and Miss Pisk. Wednesday, November 11th.—Subject, "Influence, Voluntary and Involuntary." Speaker—Prof. W. J. Caplinger. Special Music—Solo, Mr. Boyd K. Muse.

TOO SENSITIVE.
 Of course we mean to obey President Wilson and preserve absolute neutrality; but we know fifty young doctors who could tell in a word what is the matter with a man or a nation of men who commit every kind of brutality on the grounds that the world has entered into a conspiracy against him.

THERE'S GOOD EATING DOWN AT DOVER.

(Dover News.)

The Democratic meeting Friday evening was well attended and was addressed by Thos. D. Slattery, U. S. District Attorney, and Hon. Charles B. Thompson, Internal Revenue Collector, of Covington.

These speakers, with Orie S. Ware, and M. J. Hennessey, spoke at German town, and Charles Pennell, of Covington, and Stanley Reed, who spoke at Minerva, and a number of Mason county Democrats, enjoyed an elegant supper at the Hotel Thomas, in which fried chicken, boiled ham, hot biscuit and coffee and other substantial played a conspicuous part topped off with delicious jess and all served in elegant style, as Mrs. Thomas knows how to prepare and serve.

GEORGE ALEXANDER'S PARDON ASKED.

Word has been received in Lexington from Paris to the effect that the friends of George Alexander, president of the defunct bank of George Alexander & Co., will shortly prepare a petition to the Governor, asking Mr. Alexander's pardon in advance of his trial.

Mr. Alexander has been indicted on a number of counts, including the making of false entries in the books of the bank, making false statements regarding its condition, and in other ways violating the banking laws of the State. His trial is set for the coming term of the Circuit Court at Paris, which begins on November 23rd.

INSANE SAVINGS FROM "THE IMPERIAL BRAGGART."

London.—The Copenhagen correspondent of the Evening News says that a German subject, who heard Emperor William on a recent occasion, when he addressed his troops, quotes his Majesty as follows: "We are now fighting for the life of Germany. They wish to kill Germany, but I say if we win—and we must win—a new empire shall arise, more splendid than the world ever saw—a new Roman-German empire, which shall rule the world, and the world shall be happy."

FEDERAL LEAGUE THE BIG OUTLAW.

Chicago, Ill., Nov. 3.—There will be no recognition of the Federal League by organized baseball, and the only way peace can come is for the third leaguers to be assimilated by the major and minor leagues. That peace is remote so far as recognition of the Federal Leaguers is concerned was learned from a trustworthy source. American League representatives have not changed their opinions on the question.

THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

REPUBLICAN LANDSLIDE

Due to Tariff and Problem of Unemployed, McKinley Says.

Chicago, Ill.—"The tariff and the problem of the unemployed—and they go together—were the big factors in the Republican landslide," said William B. McKinley, former chairman of the Republican Congressional Committee. Tuesday's election sent McKinley back to Congress.

HEART DISEASE

Causes the Death of Representative. Elect Fred C. Taft.

Uxbridge, Mass., Nov. 5.—Representative-elect Fred C. Taft of Uxbridge, a distant relative of former President Taft, died suddenly of heart failure at his home here this morning.

THE THAW CASE.

The case of Harry Thaw comes up for a final hearing before the Supreme Court of the United States on December 7. The decision of this court will determine whether Thaw is to go back to New York and become subject to the laws of that State, under which he is charged with conspiracy, or go free. There is no doubt that the sentiment of the country is in favor of Thaw, but that, of course, is not a legal aspect of the case.

Since his escape, Thaw has been held sane by a United States court. It would appear, therefore that if he is sane, there is nothing more to be done. A sane man cannot be charged with conspiracy for making his escape from an insane asylum. If insane when he escaped, he cannot be charged with conspiracy, for an insane man cannot be legally guilty of crime. Thaw cannot be held for murder because he was acquitted of that charge on the grounds of insanity. It will certainly be a peculiar technicality if Thaw is returned to the custody of the State of New York.

FIFTY YEARS AGO IN CINCINNATI.
(Commercial Tribune)
November 6, 1884.

Hon. John A. Bingham of Chicago visited the Burnet House in preparation for a big Union rally. Many laborers and merchants of the three cities have agreed to close at noon on Monday in order that employees may participate in the big rally and parade which will close the Union campaign.

Draft officials were busy in the Sixteenth Ward yesterday, this ward being delinquent. Other sections of the city will be raided within the next day or two and able-bodied men must go to the front or furnish substitutes.

The local markets were active yesterday and prices closed at a higher level. Flour \$9.25; wheat \$1.81; corn \$1.35, and oats 65 cents.

The National Trustee will transact a business office and John Robinson, the famous circus man, is behind the plan.

Once again the con man got in his work, the Burnet House being the scene of operation and an elderly gentleman from Indiana the victim. A large belt of gold coin was offered for sale and a polite young gentleman offered to buy it but being slightly short of the amount needed, he excused himself until he could step over to the office and secure the balance. He took the gold with him.

SEVENTEEN TAMMANY CONGRESSMEN MAY HOLD BALANCE OF POWER.

Washington.—The voters of the country, judging by the latest returns, are arranged in that Tammany, seemed and flouted by the administration will give the say in the next Congress as to whether an administration program will be carried out.

Reports and claims of the two parties indicate that the Democrats will have a clear majority of less than 30, providing they can keep their entire membership together. This means that there would be a working majority only under ideal conditions and that even a small outbreak of insurgency could wreck the hopes and ambitions of the administration leaders.

It is not expected that the Tammany members will stand by and let the chance escape. According to returns there will be at least 17 out-and-out Tammany Democrats in the delegation, with the probable addition of two or three sympathizers from upstate. At any rate, there will be enough of them to force the administration to give them anything they want under threat that they will bolt and the Congress if their demands are refused.

SHOING EUROPE'S HORSES.

There is much significance in a big order now being filled by one of the American Steel and Wire Company's plants in Pittsburgh. The order calls for about 5,000,000 horseshoes for the cavalry horses of France and Russia. The two governments want fifty carloads apiece, which means between 8,000,000 and 12,000,000 pounds of horseshoes to be shipped in from 80,000 to 120,000 kegs containing 100 pounds each.

That is merely a beginning in this one industrial line. Other big orders are said to have come from Germany and Austria. How the goods are to be delivered is not revealed, but presumably a way will be found. At any rate, the plant is going on "double time," and long before this war ends there may be many other plants in many other lines of business likewise on double time to supply Europe's needs.

WAR ON ILLITERACY

First Week in December Time Set for Starting Work Here—Committees Appointed

A representative body of Maysville women met in the reception room of the High School building Thursday afternoon where the Kentucky Forward Movement for a "Greater Kentucky Educationally" and to finance two-month Schools was organized.

Mrs. Ross was elected President, Eugene Merz Secretary, Mrs. Foster Barbour Treasurer.

Mrs. Ross represented Mason county at the meeting of the Executive Council, which met in Louisville. She told of the plan of the movement and said in part:

"Mrs. Stewart told us that this is an emergency case and must be attended by 'First Aid.' There are 208,084 illiterates in Kentucky today. We have been redeeming them at the rate of 5,000 a year, but at that rate it will require us forty years to bring Kentucky up to Nebraska's level today.

This work must be done by 1920. Kentucky ranks third in contributing internal revenue to our Government, but it also ranks third from the bottom in illiteracy and that position is unimproved 10 per cent by our negroes.

In our own Mason county 9.5 per cent of the population are illiterates. We have 87,000 illiterate voters in our State.

Sixty counties are now holding Night School. The work being done is volunteer work on the part of the teachers. What we need is equipment. These teachers are ready and willing to do their part, but we have no money to buy equipment.

This Kentucky Forward Movement is a financial one arranged to get the educated people of the State interested in their brothers. The cities of the State have been grouped together and the movement is to last five weeks. The first week in December is the date assigned to Maysville. It is the plan to further the cause by means of newspaper articles, posting of placards, distributing literature all through the towns and county; meetings will be held; campaign work in each of the school buildings of the town. Mrs. Stewart will open the campaign for us at the court house. No one will be personally solicited for funds, but it is hoped that volunteer contributions from people of Mason county and Maysville will be large.

Miss Vancey told of the work for the Mason county Night School; but great interest was being shown by the people of the county.

The following committees were appointed: Press Committee—Mrs. John Barbour, Mrs. George Longnecker, Mrs. James B. Ross.

Distributing Committee—Mrs. Eugene Merz, chairman; Mrs. Thomas Russell, Mrs. Rees Kirk, Miss Lucy Keith Browning, Miss Lottie Berry, Miss Annabel Lewis, Miss Mary Best, Mrs. Bartlett, Mrs. Hall Stroe.

Court House—Miss Vancey, chairman; Miss Lloyd, Miss Bierbower, Mrs. Hurd, Mrs. Caplinger, Mrs. Stanley Reed.

First Ward Building—Mrs. George Barbour, chairman; Mrs. Clark Rogers, Mrs. Homer Ellis, Mrs. J. M. Young, Mrs. Pearce Browning.

Forest Avenue—Mrs. Stallan, chairman; Mrs. Caplinger, Mrs. Charles Hancock, Mrs. Frank Barclay, Mrs. Chennault, Mrs. James H. Hall.

High School—Mrs. E. Heehinger, chairman; Mrs. Ficklan, Mrs. Perry, Mrs. Slap, Mrs. Jos. H. Dodson, Mrs. Anna Ball, Miss Southerland, Miss Martin, Mrs. Mann, Mrs. Dale.

Sixth Ward—Mrs. Louis Merz, Mrs. Simons, Miss Ellen Cochran.

Churches—Miss Mary Ward, Miss Mary Wilson, Miss Grace Bierbower, Miss Anna Frank, Mrs. James Hall, Mrs. Power, Miss Alice Gill.

BARBED WIRE.

Since August 1st, this country has shipped 50,000 tons of barbed wire to Europe, but it was for war purposes, not pastoral. When a charge is made in battle, the worst obstacle the soldiers encounter is a barbed wire fence. Then it is when the artillery gets in its work—the soldiers of an enemy get all tangled up in a wire fence. In this dilemma thousands of poor fellows have lost their lives. There was nothing of this kind in the Civil War. We did not think of such butchery; but in these days the barbed-wire fence seems quite as handy as the aerium bomb. It seems that the wars of the twentieth century are after enemy. But that is disgusting civilization the world over, and the reaction is sure to come in the form of no war.—Ashland Independent.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months. I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

Stewards of Ointments For Catarrh That Cause Mercury.

Mercury will destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they do is too great to the good you can get by deriving from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and acts in the blood. Sold by druggists. Price 75c per bottle. Take Hall's Family Pills for constipation.

KENTUCKIANS LOSE FORTUNES.

Chicago.—Owing to the sudden and rapid spread of the foot and mouth disease, discovered here last week in the Union Stock Yards, a large number of the valuable animals exhibited here at the National Dairy Show must be killed.

Some of these animals are worth thousands of dollars for breeding purposes. Among the losers will be T. P. Middleton, of Eminence, and W. R. Spann, of Shelbyville. It is estimated that their loss will amount to \$50,000 each.

The case of Mr. Evers, who earned \$45,000 in baseball last season, greatly increases the difficulties of those who try to induce young men to go in for business careers.

A WOMAN'S APPEAL

She feels it her duty to send it to all sufferers FREE. You cure yourself at home. As thousands will testify—no change of climate being necessary. This simple discovery banishes uric acid from the blood, loosens the stiffened joints, purifies the blood and brightens the eyes, giving elasticity and tone to the whole system. DARK AGES ANEW.
(Times-Picayune, New Orleans.)
Quite surely, and by no means slow-
ly, the pendulum of warfare is swing-
ing back to a position it reached dur-
ing the dark ages. Comment has been
very general on the recrudescence of
barbarism, of hand-to-hand conflict and
the like, but unless signs are misleading
there is the possibility of the conflict
carrying us straight back to days when
each hand—nay, almost every city—shut
itself up in its own atmosphere and
either forbade strangers admission or
allowed them to enter only under the
severest restrictions. It is needless to
demonstrate that the spirit had quite
disappeared from the world prior to
the present war, for Tibet was the last
of the terra clausae to be modernized.

HEALTH.
Health is a state of physical,
mental and moral equilibrium, a normal
functioning of the body, mind and
soul. It is the state when work is a
pleasure, when the world looks good
and beautiful, and the battle of life
seems worth while. Health is the
antithesis of disease, degeneration and
crime.
"The laws of health are as inexor-
able as the law of gravitation, as exact-
ing as eternal justice, as relentless as
fate, and their violation is the begin-
ning and cause of all disease, suffer-
ing and sin."
"Health is the most desired of earth-
ly blessings. When finally lost it can-
not be purchased by uncounted millions,
restored by the physician or returned by
the pulpit."
"Health is that state of happiness,
faith and love whose prototype was
the first man—Adam, whose ideal is
the Christ."

THE OFFICE ORATOR.
One day last week two fellows on the
train were discussing the war. Both of
them agreed, and I overheard them,
that Germany's success as an industrial
and commercial nation has been due
more to the fact that they reduce
everything to an exact science than to
the fact that Germany is naturally
rich in resources.
They switched off to something else
for a while and then commenced talk-
ing about their own business. They
were chemists and both of them were
concerned about finding new ways to
make better steel for less money. It
seemed that both of them made a
good bit of money—and saved some-

SOMETIMES LOVE NEVER DIES
Written cyclic:
"Woven of music and moonlight,
Tinted of starlight and dusk,
Dashed with the red of the morning,
Scented of roses and musk,
Petals of pain and of pleasure,
Nurtured of rapture and tears,
Fragile the flower of love is—
Fragile and fades with the years."
But the other day a couple who had
passed the fiftieth anniversary of their
wedding day, without funds to celebrate
it, stopped in a cheap New York lodging
house, penniless. The woman was ill
and died, the aged husband ministering
to her as best he could. The man lived
two days longer. "She is gone, and
I am glad to die. We shall meet, per-
haps, in another world. Nothing is
left to me in this," he said to those
who sought to offer him consolation.
Love is not always eternal. Married
life is not always spiritual. Domestic
relations are sometimes infernal. But
there is now and then the occasion for
calling attention to the fact that the
flame of devotion burns as clear in the
hearts of the aged as in those of in-
experienced youth.—Frankfort State
Journal.

OUT OF HIS ELEMENTS.
"D'ye horr Mac fell in the river on
his way home last night?"
"You don't mean to say he was
drowned?"
"Not drowned, mon, but aye he was
boddy dilted."—London Opinion.

The Future of the Town
depends on its improvements. These improvements
may be had in the hundreds of different ways.
You are all interested in this question and why?
Because it will improve your property. You are
primarily interested here. Then have your house
wired and then see how much more the house is
worth to you. If it is worth more to you it is
worth more to the prospective purchaser. This is
a foregone conclusion and proven by figures. Will
you let us prove it?

Ford
THE UNIVERSAL CAR
21,976 FORDS SOLD IN SEPTEMBER
The Ford Motor Co., announces that in the month of
September there were sold and delivered 21,976 Ford cars.
This was a gain of 11,479 cars over September 1913. This
is significant not only because it shows that the Ford
production is rapidly being increased to meet the stu-
pendous influx of orders, but also because it demonstrates
that the Ford Motor Company is maintaining the 300,000
car-schedule necessary to give Ford purchasers between
August 1st, 1914 and August 1st, 1915, a share of Ford
profits.
We have just received a car-load of the new 1915
models, and can give you immediate delivery. There's
nothing to gain by waiting, so order now and enjoy your
car this fall and winter.
